Dinner
1983

1. Grateful. My students & yet.
2. From ch. - to ch. I appr. in between. Shift for moment - If a new Sem. grad into my district.
3. Sat. 1 - Team of peers (not enemies).
5. My ministry to new grad:
   a. Encouragement. Surgery Rm. talk. Not fake or shallow. H. Sch. ff ball team.
   b. By encouragement, mean —
      1) As resource first from school.
      2) Maximize strength (not focus on weakness) Pedagogically sound, but not most popular. (Focus on weakness + problems)
      3) Nourish sense of effect. Not readily evidence. Weary in well doing. But center of influence.
      4) Key presence at right point not fail or succ. but necessity (Gospel + ordination)

For freedom achieve here.

Embrace necessity - no choice.
Never know till have to —

6. Frightening. Diff. scales for measuring
   Diff. structure of expectation.

7. Would I really go minister to new grad?
   Depend on — My maturity;
   My ordination.
   My agency of grace.
