June 6, 1988

TO: Participants in the 1988 Georgia Preaching Workshop

FROM: Fred Craddock

RE: Schedule and information

Professor John Carr asked me to provide some information pertaining to our workship together on July 18-22, 1988.

1. Bring a cassette of a sermon recorded in your own pulpit within three months of the date of the workshop.

2. All participants will prepare and preach sermons at the workshop. Texts for these sermons will be from the New Common Lectionary, Year A, After Pentecost, but the particular text for each participant's sermon is now sealed in a mayonnaise jar on Funk and Wagnall's porch and will be sent to you on or near July 11th. You will have library privileges here, but you are encouraged to bring from your own library any resources you find helpful.

3. Bring a blank tape for recording the sermon you preach here. Rev. Barbara Brown Taylor and I, by circulating among the small groups, will hear "live" most of the sermons. The remaining few will be heard on tape, evaluative comments recorded on the reverse side, and the tapes mailed to you.

4. Attached is the schedule of our time together.

If you have any questions, write or call Professor John Carr at 404-727-6347.
